

Statement regarding photographs and video in school.

This notice is to inform you that we regularly record photographs and video within school and these captured images may include your child.

We take these images for a number of reasons including (but not limited to):

- showcasing good work
- recording outcomes in science experiments
- capturing children's verbal work such as story retelling.

For your information and our transparency: Under the General Data Protection Regulations (GDPR) and associated Data Protection Laws we do not need to obtain consent to take photographs and video of your child for use within school.
